Our classic vessel, the St Hilda, is a traditional, 54 ft wooden ketch, converted to provide roomy accommodation for up to 6 guests. She is one of the smallest "Tall Ships" and has sailed in several races. Built specifically for sail training with a crew of 14, she is spacious for a yacht. Sturdy and stable, with a powerful Kelvin engine, the St Hilda is ideal for learning how to sail, navigate and for simply messing about on the water. The deck saloon is perfect for viewing the spectacular scenery, relaxing and dining. Sleeping accommodation for guests is a roomy double cabin aft and four single berths in the forward cabin - perfect for families and groups of friends.
